Dear Raymond,

On behalf of the IMLS Office of Library Services, I want to offer our sincere thanks for serving as a reviewer for the FY 2017 National Leadership Grants for Libraries Program.

We know that serving as a reviewer represents a serious commitment of time and effort. Please accept our gratitude for your invaluable contribution to IMLS and to the (both successful and unsuccessful) grant applicants who received your comments. Your thoughtful evaluations and constructive comments greatly informed the Agency's funding decisions. Further, they help to strengthen unsuccessful proposals. We often see these proposals again, much improved with your input, and often successful in future funding rounds.

All funding decisions for FY 2017, Cycle 2 have been announced; you may view the press release on the IMLS website: <https://www.imls.gov/news-events/news-releases/federal-investments-10-million-will-support-library-leadership-and-model>.

As a reminder, we kindly ask that you destroy or delete all of the review materials in your possession, and maintain the confidentiality of the applications you reviewed.

With deep appreciation for your service,

Sincerely,

Robin Dale  
Deputy Director  
Office of Library Services
